New Registered Investment Advisor Jolliffe Capital Management, Inc. hires Capital Market Consultants, LLC to build custom investment platform.

Milwaukee (PRWEB) July 29, 2006 -- Capital Market Consultants, LLC a Milwaukee-based investment consulting firm providing business consulting and investment advice to financial intermediaries has added Jolliffe Capital, Inc. (JCI) of Scottsbluff, Nebraska, a new independent fee-based registered investment advisor to its growing list of financial advisor clients.

According to Pat Jolliffe, CFP, ChFC, President of JCI, "It's rare to find a company that under-promises and over-delivers. Frankly, while I was a bit skeptical CMC was quite confident in their ability to provide the kind of comprehensive support my new firm needed. They have worked with me in many phases of business and my expectations have been far exceeded. They have designed model portfolios, selected mutual funds and managers, delivered investment research data exceeding what an auditor would expect, designed my marketing materials, investor questionnaire, proposal system and so on. Frankly, the services they provide me are too much to describe in print – just call me!"

"Pat has been just great to work with. He had a plan for his practice but needed a business partner he could depend on to work with him in building a unique platform just for his type of practice and clientele. It's been fun for us and we consider firms like JCI to be core clients," said Barry Mendelson, CIMA Managing Partner of CMC.
